A L U M I N I U M

MEMBER OF **PURSO GROUP**

The EU REACH regulation demands registration, evaluation, authorization and restriction of chemical substances by the producer or traders.

Nedal Aluminium b.v. declares under its sole responsibility that:

Nedal Aluminium b.v. processes aluminum by shaping aluminium billets to profiles without any addition of chemical substances or preparations.

In the role as "downstream" user, in terms of this regulation, Nedal Aluminium b.v. is not required to register or provide safety data sheets for the aluminium profiles.

As an industrial "downstream" user, Nedal Aluminium b.v. ensures that substances and preparations used in the process are registered and known by our suppliers (producers).

Utrecht, 16-07-2019
